## BEAUTIFUL NEW BANK BUILDING OPENS MONDAY IN NILES

### Bank of Alameda Co. Dedicates Structure To This Community

ATTRACTIVE BRANCH OF POPULAR BANK  
RANKS WITH SIMILAR BUILDINGS IN  
LARGER CITIES; COST MORE THAN 40  
THOUSAND DOLLARS.

COSTING approximately \$40,000, a splendid new home for the Niles branch of the Bank of Alameda County will be opened to the public next Monday morning at the southwest corner of Main and I streets, Niles.

Embodying the spirit of progress and modern helpfulness and equipped with the most modern banking facilities obtainable, the new structure stands a monument to square and fair dealing and is indeed a credit to this community.

Built with local capital and by local craftsmen, the new Niles bank is truly a "home" institution serving home interests in one of the richest and fastest growing communities in the State.

Built with local capital and by local craftsmen, the new Niles bank is truly a "home" institution, serving home interests in one of the richest and fastest growing communities in the state.

The Bank of Alameda County, with its home office at Alvarado and with branches at Irvington and Niles, was incorporated as the Bank of Alvarado on February 20, 1902. It was the first banking institution to enter the rich farming and industrial area of southern Alameda county.

A gauge of the bank's progress is best shown in a comparative statement of assets which reveals a steady growth from \$25,000 in 1902, to \$3,000,000 in 1929. This growth, according to August May, president, is attributed to the conservative and able management of the bank's officers and directors, and to its very favorable location.

Courteous and square treatment, together with conservative man-

(Continued on Page Four)

#### Noted Archeologist To Speak Here Next Week

A real treat is in store for members of the Men's club of Washington township on the night of September 26, when a noted archeologist will be the speaker. Next week's meeting will be held in the Niles Congregational church. There will be a dinner prepared by the Guild of the church, the proceeds from same to be used to finance the Guild's activities during the next few months.

According to Mrs. A. A. Hatch, president of the Guild, the speaker of the evening is a man who has explored the ruins of ancient cities and tombs of the old world, and he has a wealth of interesting facts to tell.

#### Miss Watland Leaving County Welfare Board

Many residents of Niles and near-by territory will regret to learn of the departure soon of Miss Ella B. Watland from the Southern Alameda County Welfare board.

Miss Watland has accepted a position with the American Red Cross in San Francisco. She will assume her new duties on October 9.

#### These Firms Helped Build Branch Bank

It takes more than one man, more than one firm and more than one dollar to construct a new, modern building such as the Niles branch of the Bank of Alameda County.

The splendid new structure was designed by the Hermann Safe company of San Francisco. The general contractors were E. T. Leiter & Sons, of Oakland.

**Electric Work**  
All of the electric fixtures, call bells and wiring for the alarm signals were installed by the Kenyon Electric company, of Oakland. This work, especially in a bank building, is one of the most important sub-contracts let out by the general contractor.

Beside being absolutely safe from the standpoint of fire, the wiring must be of such quality as to resist the elements for a maximum of time. The Kenyon company is one of the most reliable and best known electrical contracting firms in the San Francisco bay district.

**Brick Construction**  
The new bank building is of pressed brick construction on a concrete base. The brick work was done by Hogberg Company, Inc., of San Francisco. As the exterior of any building is the part that faces the criticism of the greatest number of people, extreme care must be used by the workmen.

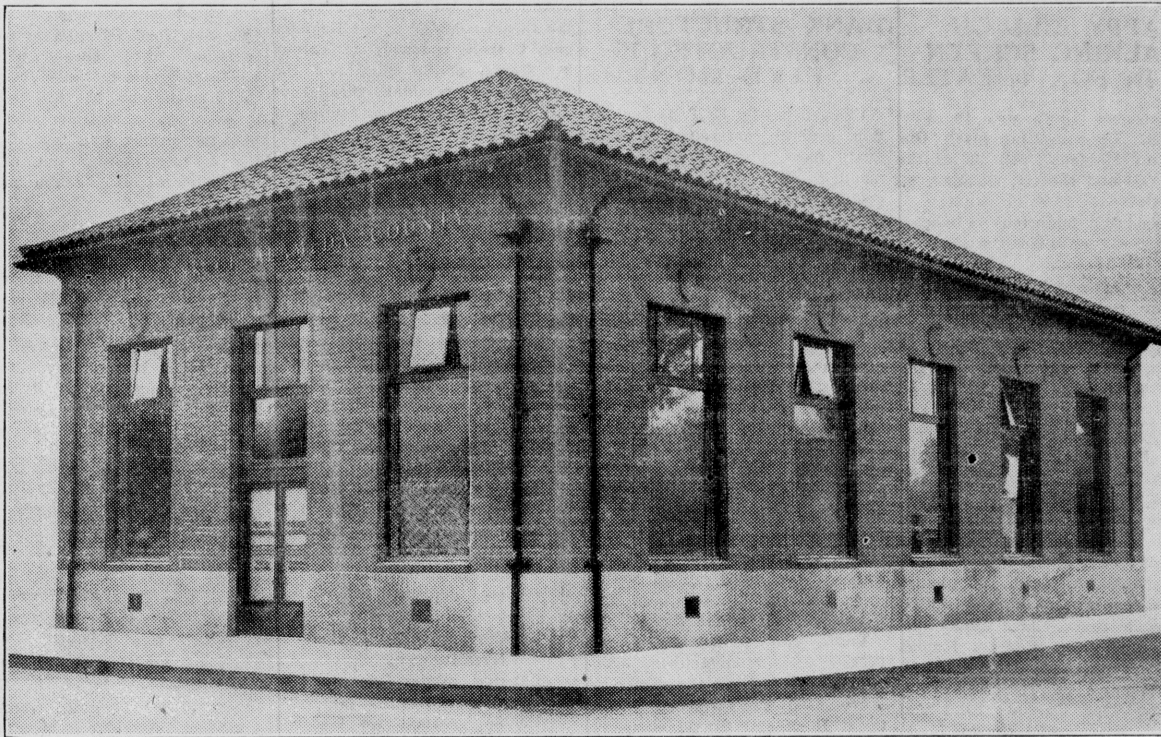

That the Hogberg company did a splendid job on the new bank structure can be seen at a glance. The finished job bespeaks the finest workmanship.

**Sheet Metal**  
All sheet metal work on the new bank building was done by the East Bay Sheet Metal Works of Oakland.

This includes gutters, drains, sills, heating equipment and ventilating system. Backed by years of experience and satisfactory work, the East Bay Sheet Metal Works can well stand on its reputation.

#### SAN LEANDRO IN EASY WIN OVER WASHINGTON HIGH Tricky Backfield Shift Is Responsible For 27-0 Win

By James Geib.  
The grid squad of Washington Union high school tasted the bitterness of defeat last Friday afternoon at the hands of the fast and powerful San Leandro eleven. The final score was 27 to 0.

Using a deceptive shift, Hayward's backfield puzzled the Washington boys so that it was an easy matter to roll up touchdowns in the first half of the game.

During the last half, however, the Washington squad gave a fine account of itself and held the opposition to no score.

Probably nervous because of the fact it was their first game of the season, Washington's players had difficulty in holding on to the ball during the first two quarters and numerous fumbles were chalked up against them.

While the entire Washington team deserves credit for its work in the second half, one player who demands special mention is Garcia. This lad played a tip-top game during the three quarters he was in the tussle. He was taken out for the last quarter as he had earned a rest.

"Irish" Cahill failed to live up to expectations, but as it was his first game the students are willing to overlook his lack of pep and will expect lots from him in future contests.

#### NURSERYMEN TO MEET

George Roeding, Jr., manager of the California Nursery company, near Niles, and chairman of the board of directors of the California Nursery Men's association, is preparing to attend the annual convention of the association at Fresno next week.

The California Nursery Men's Association will convene in Fresno September 26 to 28, with more than 150 delegates in attendance, it was announced this week.

The convention program is now being prepared.

The Register for job printing.

#### WASHINGTON TOWNSHIP CONSTABLE STOPS WAR WITH HAYWARD KILLER

A CHARGE of bird-shot from the gun of Manuel Bernardo, constable stationed at Centerville, fired full in the face of Vincent Cataldo, 58-year-old fruit merchant of Hayward, ended early Monday night one of the most terrifying gun battles ever staged in Alameda county.

Barricaded in his home, 1261 "B" street, Hayward, after he had shot and killed Police Officer George R. Vierra, 36, of that city, and had seriously wounded Constable A. J. LaCunha, also of Hayward, the boozecrazed man resisted scores of officers for more than three hours while thousands of bullets shattered the walls, doors and windows of his home.

Until Constable Bernardo found a chance to fire at the leering face of Cataldo with a sawed-off shotgun, the apparent maniac miraculously withstood the sting of tear gas, the drenching from fire hose and the rain of lead from flaming guns from seven o'clock until after eleven.

Bernardo's fire was the first to take effect on Cataldo. Struck full in the face by the stinging shot, he screamed with pain and fell writhing to the floor. A few moments later he could be heard calling out that he would surrender.

Cataldo was taken into custody by Police Chief Louis Silva. His face was drenched with blood from his many wounds. As he stepped from his bullet-riddled home, Joe Brandon and George Henningsen of the district attorney's office and Deputy Sheriff Jack Coler rushed forward to snap handcuffs on his wrists.

A crowd estimated at 2000 persons is said to have gathered near the scene of the terrifying gun battle.

Cataldo is said to have been well known at Centerville about 25 years ago. He married a Miss Rogers whose home was on a ranch between Centerville and Alvarado.

#### Niles Chamber of Commerce Will Hold Booster Barbecue

The Niles chamber of commerce will stage a booster barbecue in a nearby canyon within the next few weeks.

This was definitely decided at a meeting held Tuesday noon at the Florence restaurant. L. E. Smith was appointed chairman of the arrangement committee and given full power to act.

It is possible that members of the Alameda County Development commission and representatives of all chambers of commerce in the county will be invited.

This week's meeting of the Niles commerce chamber was one of the best attended to date this year. Harvey Braun, president, was in the chair and conducted the session in a snappy, business-like style.

The matter of discussing ways and means to bring lower electric rates to Niles was raised through a letter from the Crockett and Volona Business Men's association. The local chamber decided to forego a discussion of the question until next Tuesday at which time a representative of the Pacific Gas and Electric company will be asked to express an opinion.

#### NILES RESIDENT IS SELECTED ON NEW GRAND JURY

T. H. Silva of Pleasanton  
Also Drawn From  
Jury Wheel

E. V. Jones, of Niles, and T. H. Silva, of Pleasanton, have been announced as members of the new Alameda county grand jury.

The list of new jurymen was drawn last Friday by Presiding Judge T. W. Harris. The first meeting of the new jury took place on Monday.

In discharging the grand jury, which has served for the past year and two months, Judge Homer R. Spence thanked Otto Fisher, foreman, and the twenty-five others for the work accomplished.

Besides Jones and Silva, the new grand jurymen are:

Mrs. J. Edith Barnes, 5648 Miles avenue, Oakland; Harry Bartell, 3116 San Jose avenue, Alameda; Howard Bronstein, 1954 Washington street, San Leandro; Frank M. Cary, 4135 Gilbert street, Oakland; J. F. Chambers, 5636 Broadway, Oakland; Mrs. Ruetta Dunning, 23 Highland avenue, Piedmont; Mrs. Lillian Fernald, 496 Bancroft avenue, San Leandro; W. H. Halsey, 362 Hanover avenue, Oakland; Will R. Hill, 312 Monte Vista avenue, Oakland; M. C. Kittredge, 1218 Ashmount avenue, Piedmont; R. W. Kittrelle, 100 Guilford road, Piedmont; Miss Alice E. Langlois, 1358 Park street, Livermore.

Mrs. Gertrude Leary, 582 Weldon avenue, Oakland; Frank W. Leavitt, 470 Mandana boulevard, Oakland; Alexander J. McDonald, 6th and K streets, Livermore; Charles B. Maheny, 4901 Lincoln street, Oakland; W. H. Meek, Fifth and Road, Hayward; Miss Gertrude Moller, 76 Leaview avenue, Piedmont; Edward G. Morris, 1649 Grand avenue, Oakland; A. B. Noffsinger, 420 Belle View avenue, Oakland; Mrs. Maude Pease, 383 Grand avenue, Oakland; George R. Scott, Breed avenue and Dowling boulevard, San Leandro; Cayrl L. Smith, 739 Lincoln avenue, Alameda; R. C. Strehlow Jr., 809 Central avenue, Alameda.

Ocean Beach—Contract awarded for construction of two swimming pools for San Diego.

#### WATER SUPPLY IN TWO TOWNSHIPS SAID TO BE LOW

Farmers Keep Sharp Eyes  
On Diminishing  
Levels

Water—an essential to life—is none too plentiful in southern Alameda county.

Ranchers throughout Washington and Pleasanton townships are said to be watching their wells with keen interest. Low levels are being recorded in many instances, it is stated.

Shortage of rains last winter caused a serious shortage of water in this section of the county this summer, it being necessary in several sections to sink wells to a lower level in order to maintain a reasonable supply of water. As the gravel beds of this section form a reservoir, into which the water from Niles canyon drains, the wells in the immediate vicinity of Niles have not been effected, but the sections around Centerville, Alvarado and Newark are said to be reporting extremely low levels in the wells.

Practically all the pools in Niles canyon, which have provided swimming throughout the summer months, have dried up, it is reported.

#### JUSTICE COURTS REPORT DECREASE IN TRAFFIC TAGS

Spider webs on the doors of the justice courts throughout Washington township!

Not quite that bad, so the various judges say, but it is a matter of record that more than a week has passed without one arrest for a traffic violation in this neck of the county.

Judge J. A. Silva, of the Niles court, attributes the good behavior of the motorists to the fact that the highway between Niles and Hayward is under construction, and the lower road, through Alvarado and Centerville, has a reputation for being one of the best policed in the county.

#### YOUTH CONFESSES TO BURGLARIZING DECOTO HOMES

Tony Andrews, 19, said to be a resident of Decoto, is in the county jail serving a 90-day sentence on a charge of petty larceny.

Andrews was arrested recently following the robbery of a Decoto pool hall and the Southern Pacific depot. He is said to have confessed to taking merchandise from both places, and since his incarceration is alleged to have confessed to the robbery of several Decoto homes.

A new warrant charging the youth with grand theft is waiting to be served on him at the expiration of his present sentence.

#### Funeral Services For Mrs. Edwina Crossman

Funeral services were held last Friday in Oakland for Mrs. Edwina May Crossman, venerable Tennyson woman, who passed away in that town on September 11.

The deceased had lived in Tennyson for many years and her passing is mourned by a large circle of friends. She had been in ill health for a number of months.

She is survived by a daughter, Mrs. Estelle C. Rogers, and three sons, Harry, Burton and Fred Spicer. She was a native of New Brunswick.

Mr. and Mrs. William Ford are planning to leave on another world tour on Monday, September 23. They will sail on a Matson liner for Honolulu and after visiting friends there will sail for the Orient. They expect to be away about three months.

## TWO RESTLESS HAYWARD GIRLS FIND NILES END OF THEIR TRAIL

"Where are you going, my pretty maids?" asked Constable Manuel Bernardo.

"Well, where would you suggest?" countered the questioned flappers.

"Somewhere with me," the law stated, and with that the urge to see America was squashed in the hearts of Irene Dennis and Eva Anthony, 16-year-old high school girls of Hayward.

The halting of the wanderers took place in the Southern Pacific yards in Niles. The two young women were occupying a gondola car when Constable Bernardo spied them. They were taken to the court of Judge J. A.

Silva and held pending the arrival of their parents.

According to Miss Dennis, the tedium of scholastic pursuits at the Hayward high school irked them. Last Wednesday night Irene stepped outside of her home in Hayward to "talk to Eva." She failed to return and her anxious parents notified the police Thursday morning that she was missing.

The two girls were dressed in hiking togs when found in Niles and indicated to Constable Bernardo that they were afflicted with a wanderlust that inspired them with a desire to see the U. S. A. east of California.

## SNAPPY BILL ON TALKING SCREEN IN FOX THEATER

Whoopie—Down with the Blue Noses! Up with King Jazz! "Our Modern Maidens" will be at the Fox Oakland theater, Oakland, tomorrow.

Nobody's forgotten "Dancing Daughters" or Joan Crawford of the twinkling feet. Now she's back, a thousand times as good, in her first starring picture, "Our Modern Maidens."

"Dancing Daughters" was sophisticated. "Our Modern Maidens" is ultra-so. Metro-Goldwyn-Mayer spared nothing in this picture. It zips along at ninety per with its cocktail parties, its midnight rides, its cabin trysts and night club jamborees.

The climax is startling and nothing ends the way you think it will.

Right in tune with the picture is Fanchon and Marco's scintillating stage revue, "Jazz Cinderella." Idea with Roy Rogers, famous stage drunk, and Pauline Alpert, pianist and Victor recording artist. Hermie King and his band will assist. Sir Arthur Conan Doyle in a talk on "Spiritualism" and "Sherlock Holmes" on Fox Movietone will be a third feature.

## Plans Progressing For Toyon Program

The annual picnic which opens the fall and winter activities of Toyon branch of the Oakland Baby Hospital association is to be held on the Witherly estate in Mission San Jose, Monday, September 23, according to Mrs. James R. Whipple, the chairman.

Members of the other branches of the association are to be invited to participate in the outing. An informal program in which a number of small children will be featured is being arranged. The swimming pool will be open, according to Mrs. Whipple.

Whittier—New water system will be installed in building of Whittier School for boys at cost of \$11,552.

## BANK STRUCTURE CONSTRUCTED IN FIVE MONTHS

Constructed by E. T. Leiter and Son, general contractors, of Oakland, from plans drawn by a member of the Hermann Safe company, the beautiful new branch of the Bank of Alameda County at Main and I streets, Niles, is one of the most attractive small bank buildings in the state.

Actual construction started the last week in April. Work progressed at an even speed and nothing occurred to prevent completion in time for the opening next Monday morning.

The building is of pressed brick construction with an ornamental base of polished granite. It has a frontage of 35 feet on Main street and a depth of 75 feet on I street.

The roof is of tile. Interior walls are studded an attractive color and the counters and partitions are of walnut finish.

Brick was furnished by the Dickey Clay Manufacturing company of Decoto and the sand and gravel used was furnished by the Coast Rock and Gravel company, of Niles.

## POPULAR YOUNG COUPLE MARRIED LAST WEDNESDAY

Miss Miriam Avilla and Max Silva were united in marriage in the St. Augustine Catholic church, Pleasanton, at 10 a. m. Wednesday with one of the prettiest ceremonies witnessed in that city this fall. The ritual was performed by the Reverend Father A. C. McFadden.

The young couple were attended by Joseph Avilla and Dolores Silva, brother and sister of the bride and bridegroom. More than a score of the couple's families and friends witnessed the single ring ceremony.

Mrs. Silva is the daughter of Mr. and Mrs. F. F. Avilla of Pleasanton, and Mr. Silva is the son of Mr. and Mrs. Manuel Silva of Tassajara.

The newlyweds were treated to an old fashioned "ricing" as they left the church.

## Wedding Bells Ring For Pleasanton Girl

Wedding bells will ring today for Miss Zelda Garatti of Pleasanton, according to an announcement made earlier in the week by Mr. and Mrs. Frank Garatti, parents of the bride-to-be.

Miss Garatti is to become the bride of Francis Brenner of San Rafael, a young business man with offices in San Francisco. Details of the wedding have not been announced.

The young couple met while Miss Garatti was attending the Dominican college in San Rafael. They are planning to make their home in that city.

The father of the bride-to-be is a member of the Pleasanton city council and the owner of one of the most famous wineries in the Livermore valley.

## Masonic Home Inmates Enjoy Scot's Program

One of the most pleasant days in the history of the Masonic home at Decoto went into the record book last Saturday when the minstrels, band and several hundred members of San Francisco Pyramid of Scots, staged two thrilling programs.

In the afternoon the band gave a concert and the minstrels put on a show. In the evening the band played for a dance.

## Lookin' Around

Howdy, Register readers! This is the Curious Pastor greeting you. I call myself "Pastor" because in days gone by, when I conducted my colyum in another California paper, I won such a number of readers and friends I felt that I was the Pastor of a Flock—and the title has stuck.

And so in the future I shall be the Curious Pastor of the Register and I shall endeavor to spread my Gospel of Sunshine and the Brotherhood of Man throughout this grand and glorious section of the state.

In getting acquainted with you good people, let me impress upon you that this is your Colyum. I want you to contribute to it as often as you like. The only rule I have is that your material be clean and cheerful. This Sunshine club that I am forming cannot tolerate the disagreeable things of life. Let us have only the good things. Let us spread the sunbeams.

Looking around we find  
The sunshine;  
Looking around we find  
Glad hearts;  
Looking around we find  
The optimist  
Keeps his smile as summer departs.

Looking around we find  
New flowers;  
Looking around we find  
New smiles;  
Looking around we find  
The hours  
Bring us hope that seems worth while.

There is only one better man than the man who gets behind and pushes, and that is the man who gets ahead and pulls.

Instead of opening your mouth and letting the moonshine down, open up your heart and let the sunshine in.

Money can buy you food and shelter, folks, but not love and happiness. Think it over.

**NATURALLY**  
A gent named Rory O'Moore,  
Tried to run a big grocery store;  
Like more foolish guys,  
He failed to advertise,  
So the sheriff's lock is now on the door.

Your past will be less shady if you try to make your present and future more bright.

## Popular Girl to Wed Next Sunday Morning

One of the interesting social events scheduled for next Sunday in Washington township is the wedding of Miss Mary Marciel of Irvington and August Silveira of Milpitas. The marriage knot is to be tied at 10 a. m. at Mission San Jose.

Miss Anna Marciel, sister of the bride-to-be, will attend as bride's-maid, and John Silveria, brother of the groom, will be best man. Following a honeymoon the newlyweds will make their home in Milpitas.

**OPTICIAN**  
OPTOMETRIST  
Optician—the skilled mechanic who makes glasses. Optometrist—the scientist who properly examines eyes.

## PARENT TEACHER ASSOCIATION TO GIVE CARD PARTY

Meeting for the first time since the resumption of classes at the Niles grammar school, the Niles Parent-Teacher association decided last Thursday afternoon to hold a turkey-whist party in the school house, October 30, and also to start immediately on an extensive drive for new members.

Mrs. Harvey Braun, president, presided at the Thursday meeting and appointed Mrs. Roland Bendel chairman of the card party committee.

It was announced that the District Council, which includes associations from Hayward to Livermore, would hold an all-day meeting in Niles, September 19. The Niles association is acting as hostess group, serving luncheon to the visitors.

Several members of the Mission San Jose Parent-Teacher association were guests at the meeting. These visits between the associations of the districts is becoming a popular habit and is going a long way toward making a "big family" out of the members in this section of the county.

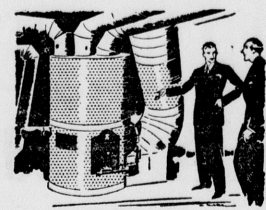

## Japanese Missionary Passes Through Niles

Preaching the gospel of "The Unchangeable Love" to his many countrymen living in California, Jitsuna Hiramatsu, a missionary sent from Japan, passed through Niles on Monday in an old model Ford.

Hiramatsu did not have time to gather an audience of Japanese from the Niles field, but he left literature here telling of his address in Berkeley, 1707 Ward street, where anyone who wishes to see him may call.

This very serious, yet pleasant, Japanese, was merely a youth when he preached his first sermon at Kobe church in Kobe, Japan. He is a quiet man, but a man of fiery love. He says he was sent by the Lord to America last June.

# Enjoy automatic gas-fired heating

"So that's why the air is so warm and fresh!"

Have care-free, comfortable warmth by installing an automatic gas-fired heating system. It costs less. Works like any good system, except it burns gas fuel. Lasts for long years with little servicing. Modern ventilated firebox passes all products of combustion outdoors. Into your rooms flows heat as clean as the warmth from the sun.

gas-fired heating equipment. How can you know which to choose?

The experience of P G and E engineers and their knowledge of all types of gas-fired heating systems qualifies them to judge which is the most adaptable for each home. Their knowledge is for your benefit. For details, phone or call our office. Automatic heating installed for 10% down and terms.

# Drive a Chevrolet Six!

## —so Delightful to Drive!

The Chevrolet Six delivers its power with that smooth, even, velvety flow which characterizes the truly fine automobile. At every speed, you travel without the slightest annoyance from vibration. Equally delightful are its comfort and handling ease. Four long semi-elliptic shock absorber springs provide the road balance found in the finest cars. And the steering gear is equipped throughout with friction-free ball bearings.

## —so Durable and Dependable!

The Chevrolet Six is built to the world's highest standards. Its design represents more than four years' development and testing. Materials are carefully selected. Highly skilled workmen perform every manufacturing operation. And inspection is rigorous and continuous. The result is quality so high that you can confidently look forward to thousands upon thousands of care-free, dependable miles!

## —so Economical to Own!

Many people still do not appreciate how little it costs to own a Chevrolet Six. You can actually secure a Chevrolet Six for practically the same cash and monthly payments you would expect to make for any low-priced car. Furthermore, it is unusually economical to operate—better than 20 miles to the gallon of gasoline, with unusually low oil consumption. Come in for a demonstration today!

## Cupid Hits Heart Of Frederick Mueller Jr.

Announcement of the marriage of Frederick Mueller Jr., to Miss Dayle Langdon in Seattle last Tuesday reached friends of the groom here yesterday.

The marriage culminates a romance of high school days. Mueller is well-known for his ability as a baseball player, being a member of the Seattle Coast League team at present.

The bride is a well-known Alvarado girl. Friends of the couple are extending congratulations and best wishes for a happy wedded life.

The Misses Rachel and Edith Ross are visiting with their sister, Mrs. Addie Foster in Fresno this week.

J. E. Beardon has returned from an extended vacation in the northern section of the state. He will resume his high school work at once.

Mrs. Annie Fraucks and Mrs. Jack Elias, together with the latter's son, Norman, of Los Angeles, visited with friends here recently.

Mrs. Mary Lorang of Aurora, Illinois, is visiting with Mr. and Mrs. Pete Bertollati and family.

## Sunday School Pupils Visit Oakland Church

Special exercises were held last Sunday morning by the Presbyterian Sunday school pupils. The ceremonies were in keeping with "Rally Day."

In the afternoon a group of twenty-four young men and women went to Oakland where they attended the Loyalty Crusade meeting at the First Presbyterian church. There was approximately 1500 boys and girls in attendance. The Newark delegation received many new ideas.

On arrival home they were served a light supper in the Sunday school rooms by the ladies of the church. Miss Margaret Laundenschlager and William Fyfe left immediately after to aid in the services at the Irvington Community church.

## VAUDEVILLE TO BE STAGED AT TENNYSON SCHOOL

Home town vaudeville! What a thrill one always gets from watching people they know perform on the stage. The personal, intimate touch that reaches across the footlights has twice the charm as that between the unknown professional and his audience.

Saturday night a number of talented residents of Tennyson will stage a nine-act vaudeville show at the school house for the benefit of the Tennyson Improvement Club.

One of the performers is an old trooper and vaudevillian who has done weeks and weeks of time on the Orpheum circuit. His bag of stage tricks is chock full and he promises to keep the audience amused from the time he makes his first entrance until the final curtain.

The program also includes songs, monologues, comedy stunts and dramatic features. T. G. Hodgkins, president of the improvement club and stage manager for the show, states that nothing quite as clever and entertaining has ever been billed for a Tennyson stage.

A large crowd is expected to go from Niles and vicinity to see the show.

## SAFETY VENTS IN NEW BANK VAULT PROTECT WORKER

There is little chance for an employee of the Niles branch of the Bank of Alameda County to suffocate in the event he is accidentally locked in the big vault.

Looking to every point of safety, convenience and comfort in constructing the new bank building, the owners spent considerable time locating a ventilating system for the vault that would protect a trapped employee.

After many days of investigation and demonstration a system was found that practically eliminates all danger of suffocation. The second the big steel door is shut and locked an electric motor starts to eject the foul air and pump in fresh air. This assures anyone caught in the vault plenty of oxygen, or, in other words, fresh air, until the vault is opened.

J. A. Johnson visited friends in Oakland last Sunday.

## PUBLIC COUNCIL ROOM FEATURE OF BRANCH BANK

A bank with a personality. That is one of the things the Bank of Alameda County would like to be known as. To gain such a title in Niles, the new branch, which opens next Monday, has been built with the comfort and convenience of the public in mind.

Aside from the regular banking counters, compartments and booths, there will be a large, comfortable room set aside solely for public use. This room will be known as a council room, where patrons of the bank can meet and discuss business in a quiet, business-like atmosphere.

In line with the public council room will be private consultation chambers, the president's private office and offices for the various employees.

## THRILLING FILMS WILL BE FLASHED ON LOCAL SCREEN

Theater fans of Washington township who make going to the Niles theater in Niles a habit find an attractive array of pictures lined up for them during the next seven days.

Tonight the Niles is showing that thrilling story of newspaper life, "Gentlemen of the Press." This picture was considered one of the best made in Hollywood this year when pre-viewed in that city a few months ago. It gives a new slant on how big newspapers are made and will prove delightful entertainment from start to finish.

The feature film for Saturday is "Stairs of Sand," a blood-stirring western drama by Zane Grey. This should be enough to arouse the enthusiasm of any picture fan, for Grey knows how to pack the thrills into his stories and pictures.

On Sunday and Monday a gripping mystery story will be presented called "Through Different Eyes." Here is a picture of high dramatic power. It is a tense murder trial melodrama, with the identity of the slayer remaining doubtful until its end.

A coming attraction is "The River of Romance," in which the popular Buddy Rogers is starred.

## MORE ON THESE FIRMS HELPED

(Continued from Page One)

tation. The local bank job is considered one of its best in this section of the state, and the Oakland firm has done the sheet metal work on innumerable buildings hereabouts.

**Concrete**  
J. H. Fitzmaurice, prominent East Bay contractor, is to be given credit for the concrete work on the new bank.

Fitzmaurice, in addition to this building, has furnished concrete work on a number of other structures in this vicinity, including the Washington Union High School at Centerville, and the Livermore grammar school.

He has made a specialty of bank work, having recently completed work on bank buildings at Richmond and Modesto for the Bank of Italy, and the Fruitvale branches of the American, Central and Bank of America banks.

**Fixtures, Woodwork**  
To Lannom Bros. Manufacturing company, Inc., goes the credit for the handsome fixtures, counters and interior trim in the Niles branch of the Bank of Alameda County. The finish on all this work is walnut and of a pleasing tone that blends harmoniously with the stippled walls and ceiling.

This firm, located in Oakland, specializes in bank, store and of

fice fixtures and also does general mill work. It has an enviable reputation for fine material and workmanship and can point with pride to its product in buildings all over Northern California.

**Bronze Work**  
Every bank and office building requires a large amount of fine hardware. Bank buildings especially are equipped with ornamental gates and partitions. All the work of this character in the new Niles bank was furnished and installed by the Keystone Ornamental Iron & Bronze Works of San Francisco.

Any number of large banks and office buildings throughout San Francisco and the bay district have been equipped by this firm. It points with pride to the new bank in Niles as an example of its workmanship and the fine grade of material used.

**Floor Covering**  
The quiet, comfortable floor in the new bank building is the product of the Armstrong Cork company and was installed by the Van Fleet-Freear company of San Francisco.

This firm conducts a state-wide service on installations of Armstrong's linoleum, cork tile and linoleum. The three products mentioned are considered by builders the world over as the finest floor coverings obtainable. The Van Fleet-Freear company hires only experts at laying the Armstrong products.

In the case of a cork-tile floor each tile is laid individually by hand and held in place with waterproof cement. The floor of the new bank building will be one of the last parts of the building to wear out.

**Plumbing**  
All the plumbing engineering and the plumbing fixtures in the Niles branch of the Bank of Alameda County was done and installed by Freitas and Bunce, of 1907 East Fourteenth street, Oakland.

This firm has installed the plumbing in some of Oakland and Berkeley's largest office and bank buildings. Only the finest material is used and the workmanship is the highest class possible.

## MORE ON BEAUTIFUL NEW

(Continued from Page One)

agement, wins many patrons for a banking institution, and those patrons won, will bring others. Such has been the history of the Bank of Alameda County.

The officers and employees of this local bank are never too busy to stop a moment and run over a farmer's report from his commission house, if he himself cannot figure it or if there seems to be any question in his mind as to the amount being correct.

The management of the Bank of Alameda County aims to make the bank a convenient place for people to meet and settle their business transactions. The management also offers aid in every way, thereby being in a position to get banking business arising from such transactions.

Being the first bank to open for business in this territory, a

strenuous campaign had to be carried on and there are people who would find it a great help and convenience if they could be shown its functions explained to them.

From a county point the Bank of Alameda County finds itself in a very favorable position, according to the early crops begin to come in early spring; the late spring; the grain in the fall. May makes it possible for one crop to be harvested the following year.

Under such conditions remains normal and the does not find its cash on hand during the year and the very close balance of the case, May expects communities in which one

## Bridge-Luncheon Held For Carol Overacker

Miss Ellen Dusterberry entertained last Saturday at a bridge-luncheon in honor of Miss Carol Overacker, who is leaving this week for an indefinite stay in Texas. There were about sixteen guests present. The decorations of the party were all in yellow. The luncheon table and the refreshments conformed to this color scheme.

After a very delightful luncheon the guests played bridge for the remainder of the afternoon.

The prizes were won by Miss Betty Button, of Burlingame, and Miss Elizabeth Roney, of San Jose.

Among those present were the Misses Carol Overacker, Florence Aust, Alma Logan, Clarabelle Logan, Lucy Shinn, Elizabeth Roney, of San Jose, Jacqueline Walpert, Deane Derrickson of Los Gatos, and Betty Button of Burlingame.

Miss Overacker's departure is deeply regretted by the young people of this community, but as her stay is indefinite, they all hope she will be back again soon.

## Children's Problems Are Meeting Subject

Problems concerning the operation of the children's home at Niles and the care of 59 children, who have been made wards of the children's department of the Southern Alameda County Welfare board of the juvenile court, were discussed at a meeting of the Child Welfare club No. 1, at the home of Mrs. W. L. McWhirter in Centerville last Monday afternoon.

Miss Carol Overacker entertained at bridge-luncheon at her home on Monday, September 9. There were about eight guests present.

Miss Margaret Lowrie, Miss Ellen Dusterberry, Miss Carol Overacker, Miss Jacqueline Walpert and Miss Jewel Anderson were guests of Mrs. R. Boyer at her home in Sunnyvale last week. Mrs. Boyer was formerly Miss Margaret Moore of Niles.

Mrs. A. Lernhart of San Francisco, attended the funeral of S. Hansen here last week. During her stay in town she called on many old-time friends.

Mrs. C. Foster was a visitor here last week-end. She paid her respects to many old-time friends and acquaintances.

## Store Thief Works At Trade In the Heart of Centerville

Fifteen dollars and eighty-three cents in cash and merchandise valued at less than \$5 constituted the "swag" taken from two Centerville stores last Saturday night by someone unknown.

Floyd Parks suffered the loss of the cash, and the Francis grocery donated the merchandise. The latter consisted of a few cans of crab, some jams and jellies, a carton of cigarettes and a loaf or two of bread.

Entrance to the two stores was made through rear entrances, according to Constables M. J. Bernardo and Tom Silva who are investigating the burglaries.

According to Parks, who was on a hunting trip at the time of

the crime, he placed approximately \$15 in his safe on Saturday night just before closing time. This money was to be used by his clerk on Monday for change. He left the safe door unlocked, he states, but he was sure the rear door to the store was firmly fastened.

Investigation shows that but little strength was needed to force the door of the Parks store. And the safe being unlocked made things real handy for the burglar.

It is believed the stranger attempted to jimmy the front door of the postoffice and was frightened away. Signs of the lock having been tampered with were found by Constable Silva on Sunday morning.

## Mervin Gomes Dies In Hospital, at San Jose

The passing on Monday night of Marvin Gomes, 11, grandson of Jose Santos, roadmaster at Newark, has cast a cloud of mourning over the Centerville district. Although young Gomes was a resident of Livermore he was well known in this section of Alameda county through his frequent visits with his grandfather.

The lad died last Monday night at a hospital in San Jose. Death resulted from blood-poisoning which was contracted from a scratched heel.

## Country Club Session Still Being Praised

Favorable echoes from the recent Country Club luncheon are still being heard about town. Expressions of praise are coming in from all sources.

The readings by Miss Carr made a great hit with the audience, and Miss Mabel Kegg was most charming in her poke-bonnet costume. She sang several old songs in a delightful manner. It also was a pleasure to have Mrs. Elma Allen back at the piano, according to those who have had the pleasure of hearing her play in the past.

## Plans About Complete For Frosh Reception

Plans are rounding out rapidly at Washington Union high school for the semiannual freshman reception.

Although no definite date has been set, representatives from the upper classes state that everything is about ready and the date will be announced soon. Miss Marie White is general chairman for the affair.

Mrs. H. Bodutch has been a busy hostess this week. On Tuesday afternoon she entertained the bridge club and today she is having the members of the "Sweet Sixteen" club as her guests.

Miss Vera Parr of Texas, is visiting this week with her cousin, Mrs. McWhirter. Miss Parr states she is enjoying California very much.

## WINTER BASEBALL

A team representing San Leandro will be enrolled in the Oakland Winter League, it was announced this week. Other clubs in the circuit will be Oakland, Berkeley, Alameda, San Pablo and Richmond.

The Register for better printing.

## Centerville Judge Finds An Honest Man

Believe it or not, there is one honest motorist in Louisiana.

His name is Robert L. Skov and proof of his integrity can be had by talking with Judge Allen Norris of Centerville.

According to Judge Norris, Skov was arrested on the state highway September 1 by Traffic Officer "Duffy" Lewis. The ticket said Skov was doing "at least 55 miles per. Being headed for his home in New Orleans, Skov asked the officer what he thought the fine would be. Lewis is reported to have said: "Oh, about \$10." With that Skov drove on.

On Tuesday of this week Judge Norris received a letter from Skov which contained the traffic tag and a \$10 bill. Skov had arrived home safe and sound and the first thing he did was to pay his fine. If that isn't honesty, then there ain't no Santa Claus.

## MRS. BOTELHO DIES

Funeral services were held on Tuesday of this week in Hayward for Mrs. Clara Botelho, sister-in-law of Frank Botelho, undertaker of Centerville.

The deceased was the wife of Joe Botelho and the mother of one daughter, Constance. She passed away last Sunday at Walnut Creek.

Mrs. L. Morrison and her son, Gentry, were visitors here last week. They left Saturday by motor for Denver.

Mrs. B. Hawley and Mrs. J. Norris were recent guests of Mrs. J. Norris Jr., of San Jose.

Dr. and Mrs. McWhirter visited last Sunday with Mr. and Mrs. Gatchel.

## Marchers on the Road of Progress

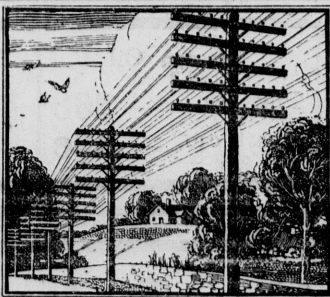

SINCE the dawn of time, man  
has longed for voice  
to talk to distant friends,  
and eyes to see things  
and friends remote.

Every marching rank  
of telephone poles means  
that man can now talk  
readily over the miles.

And in the Bell Labo-  
ratories in New York,  
where television was first  
demonstrated in 1927, it  
has been found how to

carry the human voice  
and human sight around  
the world, although how  
to make this economi-  
cally practical is yet to  
be discovered.

There is no standing  
still in the Bell System,  
either as regards the Tele-  
phone or as regards kin-  
dred sciences which, like  
the Telephone, will help  
make the world a better  
place to live in.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

## - Niles Personals -

A number of Niles matrons were  
the guests on Saturday of Mrs.  
A. W. Ebricht at her hospitable  
home in Sunol. A delightful  
luncheon was a feature of the  
day.

Mr. and Mrs. F. V. Jones and  
Mr. and Mrs. Ernest Martin were  
recent visitors with friends in  
Half Moon Bay.

The Congregational church par-  
sonage is now being occupied by  
the Reverend and Mrs. E. G.  
Brinkmeyer, the former having  
come here to take charge of the  
church work. Although a student  
at the Pacific Theological seminary,  
Berkeley, Rev. Brinkmeyer  
will devote Saturday, Sunday,  
Monday and Tuesday of each week  
to his parish here.

The honor of taking the "travel-  
ing gavel" fell to the lot of  
about twenty-five members of the  
Niles Rebekah lodge in San Leand-  
ro last Thursday night. The  
local group of lodge-women re-  
port having had a delightful eve-  
ning. The "traveling gavel" has  
been in the possession of the San  
Leandro lodge for several months.

Mr. and Mrs. Ferdinand Moore  
are home to their many friends  
again, following a two-weeks' out-  
ing at Clear Lake.

Mr. and Mrs. Clarence B. Crane  
are expected home this week from  
an extended vacation.

An outing on the Russian river  
was enjoyed recently by Miss  
Lena Shinnick and a group of  
girl friends. The party motored  
throughout the resort district, vis-  
iting Camp Meeker one day.

A motor party comprised of Mr.  
and Mrs. Steele, Robert Blacow  
and Mrs. Blacow, spent a day in  
Paradise Park, Santa Cruz moun-  
tains, recently.

Mrs. Palmyra Lemos and son,  
Richard, were San Francisco visi-  
tors recently.

Mrs. Emile Chittenden enjoyed  
a visit from her daughter, Mrs.  
Burchall, last Monday. Mrs.  
Burchall is a resident of the Ma-  
sonic home at Decoto.

Mr. and Mrs. H. Houghton and  
family have returned to their  
home here from a two-weeks' trip  
to Los Angeles and other southern  
California cities.

Mrs. Phillip Griffen, teacher at  
the Niles grammar school, has se-  
cured living quarters at the home  
of Mrs. Mary Bernard on I street.

Township Register for com-  
mercial printing.

## MONEY IS SAFE IN HUGE VAULT OF NILES BANK

Depositors, naturally, are inter-  
ested in the construction of a  
bank's vault. It is there that  
their money is stored and it is  
there that burglars and bandits  
ply the fine points of their trade.

The vault construction in the  
Niles branch of the Bank of Ala-  
meda is modern in all respects.  
The walls are of heavy concrete  
and an eight-ton door guards the  
entrance.

According to the Hermann Safe  
company, designers of the bank  
building and builders of the vault,  
the big door is made of different  
types of material for protection  
against burglarious attack, con-  
taining drill-proof material, as  
well as acetylene torch.

The interior of the vault is di-  
vided into three compartments  
of steel partitions with sliding grille  
gates, forming coin and security  
vault, safe deposit vault, and  
storage and record vault.

In addition to the protection  
given by the vault walls and the  
massive vault door, the vault is  
equipped with the latest type  
grade "A" Microphonic burglar  
alarm system. The operation of  
this system is through a series of  
detectors in the vault, and should  
the least hammering on the vault  
take place, it is immediately trans-  
mitted to these detectors, which  
set off the buglar alarm going on  
the outside of the building. The  
door is additionally protected,  
and should any one turn the com-  
bination, it will sound the alarm,  
or should they apply any heat on  
the door, through thermostats on  
the door, the buglar alarm will  
also immediately sound.

## BANK STRUCTURE IS CONSTRUCTED OF DICKIE BRICK

The general public would have  
a difficult time estimating the  
number of bricks in the new  
Niles branch of the Bank of Ala-  
meda County, but the W. S. Dick-  
ey Clay Manufacturing company  
of Niles knows the exact number,  
for it was that firm that supplied  
the brick.

Dickie Brick and Mastertile are  
known throughout the building  
industry of the west as superior  
products and are specified con-  
stantly by the better architects.

The plant at Niles is kept at  
capacity production practically the  
entire year.

## New Bank Vault Is Most Modern In Construction

Burglars will have a merry  
time getting into the vault of  
the new branch of the Bank of  
Alameda County, Niles.

Built like a battleship, the big  
"money cave" is protected by a  
7-inch steel door guaranteed to  
be burglar proof by the Hermann  
Safe company, designers and  
builders.

Beside a complete system of  
alarm wires within the bank to  
safeguard the cash from hold-up  
men, there is an automatic ex-  
terior signal-gong which kicks up  
an awful fuss when set off by  
anyone who has no business  
around the vault. The sheriff's  
office in Oakland is connected  
with the Niles branch bank by  
signal wires and aid can be sum-  
moned immediately in case of  
trouble.

A feature of the new vault is  
its safety deposit boxes. These  
boxes are of the very latest de-  
sign and were manufactured in  
the east. Instead of the old sys-  
tem of locks where it was a case  
of the key being made to fit the  
lock, the system in the new bank  
is where the locks are set to fit  
the keys.

Any one desiring a safe deposit  
box in the new bank is shown a  
tub full of keys. He picks one  
at random. Then the lock to his  
box is made according to the com-  
bination on the key. When a box  
owner gives up his box a new  
key is given the next renter and  
the lock re-adjusted to fit.

C. I. Glassbrook, father of E.  
F. Glassbrook, manager of the  
Public Utilities California corpora-  
tion, Niles, is a visitor this week  
at the home of his son. The elder  
Glassbrook is of the firm,  
Gates and Glassbrook, consulting  
engineers of Salt Lake City. He  
has been in Globe, Arizona, for  
the past month designing a new  
slag brick plant.

## EIGHT ARRESTED IN TOWNSHIP ON LIQUOR CHARGES

Niles, Centerville and Decoto  
fell in the path of operators from  
the office of District Attorney  
Earl Warren last Sunday night  
and eight persons were arrested  
and charged with violations of  
the Wright Act.

It is alleged that confiscation  
of liquor was made at three places  
in Niles and the following per-  
sons were arrested: Rinaldo  
Cozzi, S. Petrelli, Silvio Pagani,  
Antonio Frankie and Amedeo Sal-  
vadorini. At Centerville K. Ku-  
rata and his wife were arrested  
and Angelo Morales of Decoto was  
the victim of the law in that  
town.

The accused violators appeared  
Tuesday before Judge Allen Norris  
of Centerville. All cases were  
postponed one week.

Harris and Sullivan, Oakland  
attorneys, will appear for the ac-  
cused.

## First Fatal Accident Occurs on New Bridge

The first fatal accident to oc-  
cur on the new bay bridge be-  
tween Mount Eden and San Mateo  
took place last Sunday.

Frank Pierce, 22, of San Fran-  
cisco, was killed and James Ma-  
thias, 22, also of San Francisco,  
had a miraculous escape from  
serious injury when the motor-  
cycle they were riding was crowd-  
ed into the concrete guide fence  
at the edge of the big bridge.

The automobile that caused the  
accident continued on its way,  
according to Mathias.

## Students Will Issue Annual This Semester

The first annual to be issued  
at the San Leandro high school  
will make its appearance this  
semester.

The book will be compiled and  
edited by members of the gradu-  
ating class, with Mrs. Lesley D.  
Somers, teacher of journalism,  
serving as faculty adviser.

Miss Gertrude Woodward, stu-  
dent counsellor, announces that  
the annual staff will be selected  
this week.

## COACH TO RETURN

Coach George Patterson of Am-  
ador Valley Joint Uniona High  
school, is expected back in Pleas-  
anton next week from Camp Per-

### Students Will Issue First School Annual

Student activities at the Niles grammar school have started to get full steam up, the first meeting of the Student Body taking place last Friday afternoon.

E. D. Bristow, principal, called the student assembly to order and paved the way for election of officers, which resulted as follows: Arnold Abbott, president; Lucille Alves, vice-president; Agnes Trinchero, secretary, and Edna Torres, treasurer.

With a large enrollment of students this term prospects for a lively semester are bright. The formation of a baseball team is being talked of by the older boy students.

The front and rear wheel bearings should be checked for worn or loose condition at least every 15000 miles.

### Bank Plastering Done By Corwin and Bwinett

Credit for the splendid job of plastering on the new bank building at Niles is due to Corwin and Bwinett of Oakland.

Big contracts are a specialty with this well-known plastering firm, many of the larger buildings around the bay having been done by them.

The life of a building is determined largely by the quality of its plaster, and to date no job done by Corwin and Bwinett has proven unsatisfactory.

### Washington High Will Play Hollister Squad

With the sting of defeat still running up and down their spinal columns, members of the Washington Union high school football eleven will journey to Hollister on Saturday to argue for an hour or more with the high school team of that city.

Washington's gridmen went down to a 27-0 licking last Friday at the hands of Hayward high. They lay their defeat partly to nervousness and Coach Regli has endeavored this week to make the boys more confident when they line up against Hollister.

The game is scheduled to start at 2:30 sharp. A good sized rooting section is expected to follow the Washington squad to the Salinas valley gridiron.

Mr. and Mrs. Owen Swainson spent last week-end in San Francisco where they visited with friends.

Manuel Oliver and Frank Winefred left last Saturday night by automobile for Westwood, Lassen county, for hunting and fishing trip. Westwood is near the base of Mount Lassen and the game and fish is said to be plentiful in that territory.

### Friday, Thirteenth, No Jinx To Woman, Eighty, Of Niles

Air-minded at 80, and a woman brave enough to fly from Los Angeles to Oakland as a lone passenger on Friday, the Thirteenth. That is Mrs. Emile Chittenden of the Belvoir Hotel, Niles.

Mrs. Chittenden, who has passed the allotted span of life, shows no signs of weakening, as the slang expression goes. Filled with the joy of living and wide awake to the rapid progress of the world, she is eager and willing to try anything once and that is how she took her first airplane ride last week.

Wishing to return to her home in Niles by air, Mrs. Chittenden went to the Los Angeles offices of the Western Air Express and booked passage for last Friday. The agent jokingly reminded her it was the 13th. This had no effect on the prospective passenger and she proceeded to purchase her ticket.

It so happened that only one other person sought passage on the big tri-motored air liner that day. This was a man, according to Mrs. Chittenden, and when he discovered it was the so-called "jinx" day he cancelled his ticket.

That left Mrs. Chittenden the sole passenger in the big ship. That she enjoyed her first flight in the air goes without saying. She reports she was thrilled continuously by the marvelous scenery, much of which she had never seen before, even from the seat of an automobile or train.

"When I landed at the Oakland airport," Mrs. Chittenden stated, "I was loathe to leave the plane. I could have gone right on to Portland or Salt Lake or any other place. The fact that I was flying on Friday, the Thirteenth, only added that much more thrill to my flight."

### Township Club-Women Observe Women's Day

Clubwomen from all sections of Washington township were present last Thursday in Oakland at the gala observance of Women's Day.

Banquets and similar functions drew together for discussion and entertainment hundreds of clubwomen from all over the bay district.

The day was opened with the reading of a proclamation by Mayor Victor E. Schaefer of Alameda.

### Painting, Decorating Of Bank by Wm. Minne

After the rough work comes the finishing touches. The painting and decorating in and on the new Niles branch of the Bank of Alameda County was done by William Minne of 1459 Eighteenth avenue, San Francisco.

The job is one that speaks for itself and stands as a glowing endorsement of Minne's ability as a master painter.

### PAPER DRIVE STILL ON

The paper drive started last week by Niles Troop of Boy Scouts is still in force. According to reports given the Scoutmaster on Monday, fairly good returns have been made by the young solicitors. The Scouts will appreciate your thoughtfulness in saving old papers and magazines until some member of the Troop calls for them.

### District Postmasters Attending Convention

Postmasters and Postal officials from all over the United States are gathered at Sacramento this week for the annual convention of the National Postmasters' association.

Carolyn M. Orcutt, postmaster at Niles, and Adeline Santos, postmaster at Centerville, are among those present.

This convention is one of the many big national affairs to take place in California this year. Sessions will continue all week.

### District Congress Of P. T. A. Meet Monday

The sixteenth District Congress of Parents and Teachers will hold its September meeting in the Brentwood Grammar School in Contra Costa County, on Monday, September 23d with Mrs. W. B. Reynolds, president, presiding.

Mrs. J. Stuart Moore of Stockton, State Director of Extension, will speak on the work of that department and Mrs. William J. Hayes of Burlingame, Director of the State Bureau of Program Service, will address the members on the "Right Kind of Programs and How To Make Them Interesting."

Luncheon reservations can be made through Mrs. J. J. Nicholas, 120 Regent street, Alameda.

Mr. and Mrs. Emil Lindquist and son, Lowell, spent Sunday and Monday in San Francisco visiting friends.

## Personal Mention.

Two sisters of J. H. Wilcox, the Misses Frances and Martha, were recent visitors at the Wilcox residence here. Miss Frances Wilcox is a teacher at Berria, Kentucky, and Miss Martha makes her home in Hannibal, Missouri.

Charles R. Courter, newspaperman, formerly with the San Francisco Chronicle, has moved to Niles. Courter has taken over the news-editor's job at the Register office.

Evan Orelli and his mother visited in San Francisco last Sunday, taking in the matinee at the Fox theater before returning home.

Mr. and Mrs. Ralph Richmond and son returned to their home here last Sunday from Richardson Springs. The local supervisor and his family enjoyed a two-weeks' outing at the popular resort.

Among the Niles residents who spent last week-end in Santa Cruz was Mrs. Sara J. Crane. Mrs. Crane drove to the seaside resort in her new Chevrolet.

Mr. and Mrs. J. D. Ferry and son Frank and James Geib, were Oakland visitors last Sunday. They attended the performance at the Orpheum theater in the evening.

The carburetor strainer, which is between the vacuum tank and the carburetor, should be taken out and cleaned frequently. This is one cause for the motor killing every two weeks.

Successful men have no time to worry about their appearance. They buy clothes that they know are fashionably correct. That's why so many leaders wear Friendly Five's. Authentic styles, marvelous comfort—and a price that every man appreciates. The smart new line is here—styles to suit every individual. \$5.00 a pair. May we fit you?
